REMARQUES
REMARKS

Nous vous remercions de la confiance que vous nous avez témoignée en faisant l'acquisition de ce meuble de salle de bain.

Nous vous prions de bien vouloir inspecter ce produit avant l'installation car aucune réclamation ne pourra etre prise en compte après l'installation.

Nous vous recommandons de faire appel a un installateur professionnel qualifié pour l'installation et de bien suivre les instructions de montage.

Ce meuble doit etre installé dans une salle de bain bien aérée. Il doit également etre séparé de la baignoire ou de l'espace douche par un mur ou une parois afin d'etre hors de portée de jets d'eau, d'éclaboussures ou d'humidité excessive.

Merci de noter que les cotes mentionnées dans ce manuel sont données à titre indicatif. Merci de noter également que les croquis inclus dans les pages suivantes de ce manuel d'installation peuvent être légèrement différents du produit dont vous avez fait l'acquisition. Ceci ne vous posera pas de problème car tous les produits de cette gamme de meubles de salle de bain sont équipés de composants identiques et s'installent de la même manière.

Pour préserver l'apparence de ce produit, nous vous recommandons de le nettoyer régulièrement, en utilisant un chiffon doux, propre et humide (eau douce). Attention, nous vous deconseillons fortement d'utiliser des agents nettoyants ou détergents abrasifs car ceux-ci risquent de détériorer la surface.

Conformément à notre politique de développement continu de nos produits, nous nous réservons le droit de modifier les spécifications de nos produits et de leurs composants.

We warmly thank you for selecting this bathroom furniture set.

You need to inspect the product before starting the installation as we will not be able to accept any claim for faults or damages once the product is installed.

We recommend you use the services of a qualified professional installer for the installation of this product, and to follow carefully this installation manual.

This furniture must be installed in a bathroom equipped with a proper ventilation system. It must be separated from the bathtub or shower area by a fixed wall or enclosure so that it is out of reach of any water splash or excessive humidity.

Please note that the dimensions included in this manual are only for reference. Please also note that the drawings included in this installation manual may differ from the product you actually purchased. This will not be a problem as all items from this bathroom furniture range are equipped with the same parts and must be assembled according to the same process.

In order to keep the good appearance of this product, we recommend you wash it regularly with a soft, clean and humid (tap water) cloth. Be careful not to use any chemical or abrasives products as they may damage the surface of the product.

As per our policy of continuous improvement of our products, please note that we may modify the specifications and components of our products without prior notice.

Care and Cleaning

Stone Resin Basin

- Avoid direct contact from heat objects (e.g.: heated cook wares). Do not place the heat objects direct on the basin.
- Avoid sharp, heavy and hard objects to crash the basin to prevent from scratch or damage.
- Do not cut anything on the top of basin. If needed, a pad is required to place on the top of basin before cutting.
- Never use cleaners containing abrasive cleansers, ammonia, bleach, acids, waxes, alcohol, solvents.
- Always keep the basin clean and dry. Use a soft cloth to clean off the drop of water on the basin.
- Use soft cleansers and a soft cloth to clean the basin, do not use cleaners containing abrasive cleansers, ammonia, bleach, acids, waxes, alcohol, solvents.
- For heavy stains or slight scratches, users are recommended to use a soft wet cloth with a bit of toothpaste to polish, then use a soft dry cloth to polish it again.

Wood Cabinet

- Always test your cleaning solution on an inconspicuous area before applying to the entire surface.
- Wipe surfaces clean and rinse completely with water immediately after applying cleaner. Rinse and dry any overspray that lands on nearby surfaces.
- Do not allow cleaners to soak.
- Use a soft, dampened sponge or cloth. Never use an abrasive material such as a brush or scouring pad to clean surfaces.
- Blot spills immediately with a soft, damp cloth.
- Test cleaners in a discrete location first, such as the inside of a door, to ensure that there is no adverse reaction.
- Do not expose wood furniture to direct sunlight, drying heat sources or dampness.
- Protect wood surfaces by using felt, leather or cork under accessories. Never slide objects across wood surfaces
- Dust frequently with a soft cloth in the direction of the grain.
- Avoid using oily polishes or waxes, or products containing silicone
- Never use cleaners containing abrasive cleansers, ammonia, bleach, acids, waxes, alcohol, solvents.

Care Tip

Every six months, remove soil buildup by rubbing with a soft cloth dampened in a 50/50 solution of warm water and an ammonia-free detergent. Wipe clean with cloth dampened in warm water. Wipe dry.
